EXPERIENCE

Web Accessibility Intern, Willamette University , Salem, Oregon	(May 2025 - Present)
• Updating Willamette University website for WCAG compliance to ensure all students, faculty and visitors can access it with ease	
• Co-developing and designing new accessible web interfaces using HTML, CSS and accessibility practices to improve usability and cohesion through the website	
Information Systems Intern, White Castle System , Columbus, Ohio	(May 2024 - July 2024)
• Developed a C# automation tool to process CSV data files in collaboration with my supervisor to reduce workload and increase accuracy across teams	
• Built a Blazor eCommerce prototype using HTML, CSS and SQL Database integration to learn web assembly and digital transformation	
Business Intelligence Intern, White Castle System , Columbus, Ohio	(May 2023 - July 2023)
• Created a Python application to analyze and compare regional fast food pricing to provide insight concerning competitive strategy	
• Utilized Microsoft SQL Server and Postman for database queries and API testing while collaborating with coworkers to retrieve information and strengthening my knowledge of SQL	

VOLUNTEER EXPERIENCE

VP of Finance and Administration, Alpha Phi , Salem, Oregon	(October 2023 - November 2024)
• Working directly with members to create personalized payment plans based on their needs while maintaining organizational financial stability	
• Collaborated with executive team members to review and approve budgets by aligning our financial decisions with organizational goals	
• Addressed member concerns and mediated issues as they arose and strengthening trust between leadership and members to keep a positive environment
